Forman Watkins & Krutz served as a proud sponsor of the Bessie Young Council's recent Summer Social held at the Mississippi Civil Rights Museum. The Council's mission is to aid the success of legal scholars by mentoring and financially supporting students with advanced life experiences who embody the pioneering spirit of Bessie Young, the first female graduate of the University of Mississippi School of Law. The goal of the Bessie Young Council is to assist those nontraditional students who bring diversity, fresh perspectives, and varied life experiences to our student body
