Mr. Moir specializes in civil trials, including the defense of serious toxic tort matters and in particular asbestos-related cancer cases. His practice also includes commercial litigation, personal injury and wrongful death cases in which he represents plaintiffs and defendants.

Education

- University of Virginia, B.A., with distinction
- University of Texas, J.D., with honors

Bar Admissions

- Texas, 1985
- Pennsylvania, 2008
- Louisiana, 2013
- A 29-year representation as a primary trial counsel nationwide for a major defendant in asbestos litigation; responsible for all aspects of defense, including trials, appeals, case resolution and management of litigation

- Representation of plaintiffs in major personal injury and wrongful death cases
- Representation of federal agency in nine-figure contract dispute
- Representation of large corporation in international arbitration against foreign country
- Prosecution of trademark infringement claim on behalf of major Dallas corporation
- Representation of defendants involved in serious product liability actions regarding a number of different types of products, including vehicles
- Analysis and review of company materials and documents to formulate a uniform strategy to defend the company in premises liability litigation in a number of jurisdictions

Professional Recognition

- Martindale-Hubbell® AV Preeminent® Peer Review Rating

Previous Experience

- Peter has represented companies involved in asbestos-related cases since the late 1980's and has tried numerous cases to verdict in courts in a number of different states. He has developed and worked with a number of different expert witnesses involved in the asbestos litigation and has served as liaison counsel on behalf of defendants and as national trial counsel for a company in the litigation. Peter also has defended companies involved in a variety of product liability matters and represented plaintiffs in commercial and personal injury litigation.

Speaking Engagements

- "The Bankruptcy Effect and How to Offset It," Defense Asbestos Litigation Seminar (DALs), Nashville, Tennessee, July 2018
