

McFarland Serves as Panelist for DRI Diversity for Success Seminar

DRI recently held their annual Diversity for Success Seminar in New Orleans, Louisiana. Vernon McFarland served on the Law Student Forum Panel designed to give open and straightforward answers to future attorneys on what to expect in the profession. The discussion included creating a career path, best practices during job interviews and navigating obstacles unique to attorneys from underrepresented backgrounds. University of Mississippi Law FWK Summer Associate, Hope Thompson, attended the seminar and enjoyed the panel and connecting peers and panelists.
