Criteria

Originality: Use your camera lens to show the judges your take on our state and provide a view into our people, places, culture, and history.

Technical Excellence: Our judges will evaluate your use of lighting, focus, exposure, and overall composition to determine how those elements contribute to creating a powerful and innovative narrative.

Overall Impact: Photography gives you the opportunity to capture a moment with the click of a shutter. We encourage you to make submissions that highlight your skills as a photographer and storyteller. Whether with texture, color, perspective, a smile, a wave, or the swish of a tail, these criteria evaluate the overall experience of your photograph.
