

FormanWatkins Foundation Supports Area Causes

In the last quarter of 2022, via the FormanWatkins Foundation, the Forman Watkins & Krutz's Jackson office participated in and helped support the Juvenile Diabetes Research Fund (JDRF) One Walk, the Blazer Bolt for Brain Cancer 5k and the American Heart Association's Metro Jackson Heart Walk. The JDRF One Walk (October 22) raised funds for life-saving treatments for individuals living with type 1 diabetes. The Blazer Bolt for Brain Cancer run (October 15) had 600 registrants and 40 teams this year, all raising funds to support individuals and families battling brain cancer. The Metro Jackson Heart Walk (November 12) raised more than \$150,000 for the American Heart Association. FormanWatkins' CFO, Robby Gathings, was the second highest fundraiser in the corporate category for the Heart Walk.

The Forman Watkins & Krutz Foundation is proud to join in supporting these events.
