

## Update on the Spring Veterans Legal Clinic in New Jersey

The Monmouth & Ocean County Veterans Information and Resources Clinic was held on Saturday, March 30, 2019, and New Jersey Partners Tom Toman and Nicole Diesa were among those who volunteered. The event was held at the James J. Howard Outpatient Clinic in Brick, New Jersey, and it was successful in reaching a number of younger Veterans that do not normally use the Clinic or any other traditional Veterans groups. Overall, there were 10+ legal consultations conducted, with participation from six additional Veterans aide groups. Based on the success of the event, the president of the Ocean County Bar has asked that another joint Veterans Information and Resources Clinic be organized for later this year. This was the second pro bono event orchestrated by the Monmouth Bar Association as part of a new Veterans' program that was initiated by FormanWatkins in 2018.
